

# FLMS 23rd Conference

**2012 Topics**

- Meeting regulatory requirements**
  - Alternative nutrient criteria
  - Site Specific Alternative Criteria
  - Balancing two TMDL/BMAP methods
- Effective monitoring**
  - Making the Most of Limited Water Quality and Biology Monitoring
  - Tracking Studies for Impairments other than Nutrients
  - Post construction efficiency monitoring
  - NPDES Outfall Monitoring
- New Technology and BMPs**
  - Cost Effective Nutrient Reduction Technology
  - Tools and Models
  - Effective Grassroots, Volunteer and Outreach Programs

**Field Trips**

 **23rd Annual Florida Lake Management Society Conference**  
Lake Management in a Time of Budget Cuts  
June 18-21, 2012  
Gainesville, Florida  Paramount Plaza Hotel and Conference Center

**Call for Abstracts Start**  
January 2, 2012  
**Abstract Deadline**  
March 1, 2012

FLMS 23rd Annual Conference will be held in Gainesville, Florida June 18-21, 2012. Workshops will be offered on Monday, June 18, technical sessions including a keynote speaker will be on Tuesday through Wednesday, June 19 and 20 and field trips to nearby stormwater treatment and restoration projects will be offered on Thursday, June 21.

This year's theme is "Lake Management in a Time of Budget Cuts." The session focus will be on effective methods for maintaining lake programs with fewer staff and funds. Here is the list of potential topics for 2012.

### **Meeting regulatory requirements**

Alternative nutrient criteria  
Site Specific Alternative Criteria  
Balancing two TMDL/BMAP methods

### **Effective monitoring**

Making the Most of Limited Water Quality and Biology Monitoring  
Tracking Studies for Impairments other than Nutrients  
Post construction efficiency monitoring  
NPDES Outfall Monitoring

### **New Technology and BMPs**

Cost Effective Nutrient Reduction Technology  
Tools and Models  
Effective Grassroots, Volunteer and Outreach Programs

A Call for Papers will go out January 2, 2012 and abstracts will be due March 1. For full conference details as they are updated, visit [www.flms.net](http://www.flms.net).
