Florida Fish and Wildlife Conservation Commission

Help Save Your Lake! Community Workshop

Discover simple ways
to help keep our lakes
clean and healthy
!! One Night Only !!

Who Should Attend

- HOMEOWNERS ASSOCIATIONS
- PROPERTY OWNERS ASSOCIATION
- LAKEFRONT PROPERTY OWNERS

Why Should I Attend

👍 *Even people that don't live directly on a lake have an impact on our local surface waters. By understanding what these impacts are, together we can help keep our lakes clean and not green.*

👍 *Reduce maintenance costs and complaints.*

👍 *The quality of our local lakes not only provide a great natural amenity to us, but actually help maintain the values and strength of our homes and subdivisions.*

We Dont Want This
