2010 FLMS Annual Conference: SPONSOR REGISTRATION

The 21st annual FLMS Conference will be held in Crystal River on June 14 - 17. We would like to invite you to consider financial sponsorship of this meeting. Your support will help make this conference a successful educational opportunity for our state's water resource managers. Please circle your level of contribution below:

FLMS 2010 Sponsorship

This year FLMS is offering new ways for companies to be involved in the FLMS conference over and above the regular exhibitor registration. These possibilities include:

- Sponsor a break during one of the technical sessions. There are two breaks on Tuesday and Wednesday and one on Thursday. These breaks include coffee and snacks provided by the resort and will be located in the exhibitor hall. For your sponsorship, there will be posters around the food and drink area highlighting your company's generous sponsorship.
- Sponsor lunch on Monday for workshop participants or Tuesday for regular conference registrants. Monday's workshops have continued to grow each year in number and quality and this year's four workshops are anticipated to draw about 40 – 50 participants. Tuesday, the first day of the conference would be a larger lunch for the entire conference. This lunch is usually more casual than Wednesday's awards banquet.
- Sponsor the award's banquet on Wednesday. This sponsorship would be a larger commitment and as such may be shared between a couple sponsors depending upon interest. This lunch is a larger sit down and served lunch during which FLMS recognizes individuals and projects. Your sponsorship would be recognized by both posters around the room and by the MC of the awards ceremony.
- Provide door prize(s) for the conference. These door prizes are given away before each technical session using tickets provided to each registrant. Past door prizes have ranged from gift certificates for local restaurants or vendors, an extra night stay at the resort, coolers, flashlights, fishing gear, etc. The sponsor of each door prize would be recognized during the drawing.

If any of these possibilities is of interest to you and your firm please contact Jennifer Sagan (386) 937-3922 or jsagan@bcieng.com for more information, and thank you in advance for your participation with FLMS!

In addition to highlighting the exhibitors and sponsors in the proceedings, FLMS will be recognizing your important contributions on its website and during the conference. Therefore, we request each exhibitor email 1) a high resolution copy of your company's logo (.jpg or .gif format) suitable for printing and the internet, 2) contact information and 3) a short description (100 words) of your company's services to Dean Dobberfuhl (ddobberfuhl@sjrwmd.com). This information must be received by March 30, 2010. Thank you for your contributions to the conference and the protection of our water resources.
